

ASTHA KUMARI – BURN OVER FACE AND HEAD

The incident that altered Astha's life occurred during a domestic accident, leaving her with significant burns on her face. Astha underwent Grafting Surgery at Tata Hospital. After grafting surgery, the growth of hair on scalp is not possible so for that she is currently admitted to AIIMS, New Delhi for Expander Surgery so that the tissues can be expanded and look like as they were before burn. She will be operated for Expander removal and after that Astha will undergo Hair Transplant Surgery. Her medications require expensive medicines and injections. Astha belongs to a poor family where his father runs a small shop in Bihar. We are requesting you to please come forward and help us arrange all the required medicine and supplements for Astha's treatment so that she can get back to her normal life and live confidently just like we all do.
